who are we?

We are ambitious youth from a new generation who have an unlimited vision, with several experience and different background, we met up to make a revaluation in a new concept of medical consumable. specially, in high pressure syringe using in radiology department during using contrast media in the patient veins and vessels. The revolution started in syringe as we select this sectors because the concept of patient care, we are working to improve the patient care during the MRI,CT and DSA inspection to get perfect Images.

من نحن؟

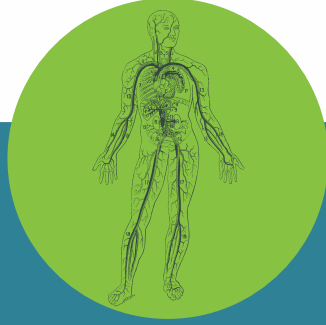

نحن شباب طموح من جيل جديد لديه رؤية غير محدودة ، مع العديد من الخبرات والخلفيات المختلفة ، التقينا لإجراء إعادة تقييم في مفهوم جديد للاستهلاك الطبي. خاصة في محاقن الضغط العالي المستخدمة في قسم الأشعة أثناء استخدام وسائط التباين في الأوردة والأوعية الدموية للمريض. بدأت الثورة في المحاقن حيث أننا اخترنا هذه القطاعات نظرًا لمفهوم رعاية المرضى ، فنحن نعمل على تحسين رعاية المرضى أثناء فحص التصوير بالرنين المغناطيسي والتصوير الاشعة المقطعية وتصوير الأوعية الدموية للحصول على صور مثالية.
